

Donya Mardani

Software Engineer • Frontend Developer • React Specialist

Mashhad, Iran • Email • Phone • GitHub • LinkedIn

PROFESSIONAL SUMMARY

Software Engineer and frontend-focused developer with 2+ years of experience building digital products and responsive web applications. Specialized in React, Next.js, and TypeScript, with hands-on experience developing reusable UI components, dashboards, e-commerce interfaces, and personal web applications. Focused on clean, maintainable code, responsive design, performance, and intuitive user experiences.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript, HTML5, CSS3

UI & Styling: Tailwind CSS, Material UI (MUI), Responsive Design

Data & APIs: REST APIs, API Integration, JSON, Client-side State Management

Tools: Git, GitHub, npm, VS Code

Practices: Reusable Components, Clean Code, Responsive UI, Performance Optimization

WORK EXPERIENCE

Junior Software Developer — Freelance

2024 — Present

- Collaborate with Alireza Aghaei's team to develop and maintain multiple React-based websites for organizational clients.
- Build responsive and reusable frontend components with a focus on clean, maintainable code.
- Work with React, Next.js, TypeScript, Tailwind CSS, and MUI.

Frontend Development Intern — Startup

2023 — 2024

- Collaborated with the Rashed Academy design team to translate UI designs into responsive and reusable frontend components.
- Developed UI components using React, TypeScript, Tailwind CSS, and MUI.
- Worked closely with designers to improve usability, responsiveness, and consistency across web interfaces.

Freelance Developer — Self-Employed

2022 — 2023

- Designed and developed 10+ complete web projects, from initial concepts and implementation through deployment.
- Built responsive interfaces using React, JavaScript, and Tailwind CSS.
- Managed projects independently across the development lifecycle, from understanding requirements to delivering production-ready websites.
